

Non-Homestead Operating Millage Renewal

PROPOSITION 1

FUNDING THE FUTURE

UNDERSTANDING THE BALLOT LANGUAGE

This millage will allow the school district to levy not more than the statutory rate of 18.0000 mills on all property except homestead property and other property exempt by law as required for the school district to continue to receive its full per pupil foundation allowance.

NON-HOMESTEAD OPERATING MILLAGE RENEWAL

This operating millage is not levied on principal residences

Shall the limitation on the amount of taxes which may be assessed against all taxable property, except principal residence and other homestead property as defined by law, in Clarenceville School District, Counties of Oakland and Wayne, State of Michigan, be increased to 19.0000 mills (\$19.00 on each \$1,000 of taxable value) for ten (10) years, calendar years 2026 to 2035, inclusive, to provide in part the funds to operate and maintain the school system?

OPERATING EXPENSES

- These funds will allow the district to **continue** to pay for teacher and staff salaries, instructional/ extra curriculum programs, maintenance and operations
- The district must levy 18 mills on non-homestead properties to receive its full per-pupil funding. However, when property values rise faster than inflation, a Headlee Rollback can reduce that amount. If the millage drops below 18, the district loses funding. By asking voters to approve a 19 mill limit, the district creates a 1 mill cushion to guard against these potential reductions
